Charlotte Executive Leadership Panel

As president and CEO of the National Association of Manufacturers (NAM), I am proud of the organization's work furthering the manufacturing agenda.

Please save the date to join me and other manufacturing leaders in Charlotte, North Carolina, on Wednesday, September 19, for a conversation on competing to win in the global economy.

The NAM works for the success of the more than 12 million men and women who make things in America and their families. Representing 14,000 member companies from across the country in every industrial sector, we are the nation's most effective resource and influential advocate for manufacturers, serving as a respected and innovative voice for the values that make our industry strong and America exceptional: free enterprise, competitiveness, individual liberty and equal opportunity.

Join world-class leaders in manufacturing and other business luminaries as we discuss how best to lead and adapt in this evolving, dynamic business landscape. Your perspective and active engagement are critical to our industry's success.

Panelists:

Mike Lamach
Chairman, President and Chief
Executive Officer
Ingersoll-Rand
NAM Executive Committee

Courtney Ketchie Silver
President
Ketchie, Inc.

Jay Timmons
